

REPUBLIC OF TÜRKİYE
MINISTRY OF TRANSPORT AND INFRASTRUCTURE
General Directorate for Regulation of Transport Services

11./08/2022

Mr. Sergey SEMENOV
Head of the Department of State Policy
For Road and Urban Passenger Transport
Ministry of Transport of the Russian Federation

Reference: Your letter dated 28.7.2022 and numbered 9-815

Dear Mr. SEMENOV,

On behalf of the Ministry of Transport and Infrastructure of the Republic of Türkiye, I would like to present my compliments to the Ministry of Transport of the Russian Federation.

As is known, we hold Turkish-Russian Joint Committee Meeting on Road Transport via video-conference on 16th May 2022 and Protocol has been signed as a result of the negotiations. I believe that this Protocol will provide great contribution to the development of transportation and trade between our countries.

Under the Protocol dated 16th May 2022, we started to exchange universal (bilateral/ 3rd country) permits as a new type of permit. Universal permits provide solution to the problem faced by the hauliers of our countries due to the origin of the goods; furthermore, they enable both bilateral and 3rd country transport operations between Türkiye and Russia with a single permit providing great facilitations to the hauliers. In this context, I would like to express that we agree on the issues stated in your reference letter. I also believe that following explanations concerning the use of these permits will be useful. For instance;

- A Russian vehicle can perform bilateral or to/from third country transport operations to Türkiye with this universal permit and with the same permit, they can perform the same transport operations from Türkiye.
- In addition, a Russian vehicle can perform to/from third country transport operations from Türkiye after performing bilateral operations to Türkiye with the same universal permit; or vice versa, it can perform to/from third country transport operations to Türkiye and from Türkiye it can perform bilateral operations to Russia.

REPUBLIC OF TÜRKİYE
MINISTRY OF TRANSPORT AND INFRASTRUCTURE
General Directorate for Regulation of Transport Services

Please be kindly informed that necessary arrangements have been made in the U-Net Automation System of our Ministry. In this regard, I kindly request your assistance in providing the same flexibility and facilitation for Turkish vehicles performing transport operations to Russia.

Assuring that we are always ready for close cooperation, I avail myself of this opportunity to renew the assurances of my highest consideration.

Murat BAŞTOR
Director General
