**D. Transport of dangerous goods**

**Restriction:** Vehicles of over 7.5t MPW transporting dangerous goods are also subject to the restrictions indicated above. Furthermore, it is forbidden for all vehicles travelling under the ADR regime (orange plate) to travel on the abovementioned road sections at the following dates and times:

- Sundays and public holidays from 08h00 to 24h00;
- on the eve of public holidays **if they are Wednesday or Thursday** from 16h00 to 24h00.

**Exceptions:** the transport of liquid gas for domestic use to the distribution point or to the users; the transport of dangerous goods for the supply of service stations; the transport of fuel to private supply centres for goods vehicles; the transport of fuel for the supply of rail, sea or air transport; the transport of heating oil for domestic use; the transport of gas for hospitals or for home care.

Special authorisation is required for the following transport operations: products which are indispensable for the continuous operation of industrial centres; products destined for or coming from medical centres which are not covered by the derogation mentioned above; transport to or from ports or airports when the operation must inevitably be carried out during a period of restriction; transport of pyrotechnical material; all other material, the transport of which is indispensable owing to exceptional circumstances.

**Routes:** If the purpose of the transport operation is the distribution of dangerous goods to the final recipient or user, the driver must take the route which is best suited, taking account of road safety and the flow of traffic. He must use bypasses and ringroads since access to urban areas is authorised only for loading and unloading.

As far as possible, vehicles must use the *Red de itinerarios para mercancías peligrosas (RIMP)* (network of routes for dangerous goods):
